## GOULD X-COUNTRY CLASS M CHAMPIONS

Coach Clay Fossett's 1957 Cross Country team brought home the first cross country State Championship for Gould Academy. This was a fitting climax to an already fine season which saw the Huskies go thru 5 meets undefeated.

Captain Phil Korhonen came in first in every dual meeting during the season and was second at the State Contest in Orono. Another steady runner for Gould was Mel Jodrey who was usually right behind in second place. He finished fourth at the State meet. Other runners were Jerry Smith 14th, Guy Whittey, 15th and Dick Grover, 21st. Gould's chief competitor in the championship run was Placencia High of Guilford as they finished with a 58 score to the Bethel teams 65.

Season's record: Gould 15, Kennebunk High, 55; Gould 16, Fryeburg Academy, 47; Gould 15, Portland, 47; Gould 15, Gorham, Maine, 46; Gould 16, Hebron Academy, 37, varsity; Gould 16, Hebron Academy 38, junior varsity.

## BETHEL INN GOLF CADDIE TROPHIES NOW ON DISPLAY

The trophies for the Caddie Tournament held at Bethel Oct. 12 are on display at Bosserman's Pharmacy.

David Salway was the winner scoring 44 for nine holes. Runner up spot went to Wayne Parry who scored 47 for nine holes.

Joe Bainis, golf pro at Bethel Inn, says that the caddies this past summer were a willing bunch and tried very hard to do a good job. Many good compliments were paid them by the guests using the golf course.

## OUR PACK PROGRAM MEETING

Place: Garland Chapel Congregational Church. Time: 3 p. m. Sunday, Nov. 11. Subject: Reorganization, election of officials. Any mother who has a boy between the ages of 8 and 11 is welcome to become a Den Mother, Please attend.

The new year starts January 1957 after the Cub Pack has been re-registered with the Boy Scouts of America.

Our boys need help and it is urgent that every dad and mother who is interested attend. This meeting will decide whether the Cub Pack 165 of Bethel will continue or dissolve.

## COMMENTS FROM THE OFFICE OF THE TOWN MANAGER

It is gratifying indeed to have so many Bethel people show their interest in National Government as indicated by the recent vote.

It certainly shows that Bethel as well as the Nation is willing to support the candidate rather than strict party lines. I feel that nearly 2500 people in town will now be willing to support Governor Muskie in Maine, and our great American President in the Nation, for good government.

May we at the local level also realize that it takes all people in our Town doing our part to make it a better place in which to live. The few of us who are now entrusted with the business administration of Bethel realize it is our job to attempt at least to make every effort toward better government.

Thank you,  
O. T. Rozelle

## DARLETT - SMITH

Miss Shirley Ann Smith, daughter of Mr and Mrs Vern Thompson, La Mesa, Calif., and Keith Bradley Bartlett of Bethel, son of Raymond M. Bartlett and Grace Nowlin Purnum, were married at 7 p. m., Sept. 23, at the Little Chapel of the Roses. The Rev. Dean Nauman officiated.

The bride was given in marriage by her father. She wore a gown of white lace over satin and a finger-tip veil with coronet of rhinestones and pearls. Her bouquet was carnations and stephanotis centered with a white orchid.

Mrs Morris Klundt was matron of honor and bridesmaids were the Misses Sheila Coleman, Alta Park, Vera Admire and Mary Ellen Thompson. They wore matching pastel gowns with floral headbands, and carried tinted carnations.

Mr Klundt served as best man and ushers were Dewayne Dugan, James Stevens, Keith Klundt and Wesley Young, a former Gould Academy schoolmate of Mr Bartlett.

After a reception in the Little Lodge the couple left for Warner Hot Springs. Upon their return they will reside at 5030 7th Street, La Mesa, Calif.

Mr Bartlett has always made his home with his grandparents, Mr and Mrs Guy Bartlett of Bethel. He enlisted in the Navy Sept. 13, 1954, and has been stationed with the past part at San Diego.

## HONKALA LEAVES FOR DUTY IN ANTARCTICA

Rudolf Honkala of Salisbury, N. H., who is known by television sight and voice to people all over

New England as "Whitney" Honkala, chief observer of the men who have given Mount Washington weather reports for the past year, has taken a still colder job.

On Nov. 8, Whitney will sail from Seattle, Wash., aboard a Coast Guard icebreaker to be second in command at the IGY Knox Coast Station at Antarctica. He will have charge of setting up and maintaining the meteorological program for the United States Weather Bureau at that station and will be gone approximately 15 months.

Mrs Honkala, the former Barbara Hastings, and the four Honkala children, David, 14; Susan, 12; Willard, 9; Douglas, 8; and Sally, 4, will join him there soon and will fly to Saigon where they will make their home for the next two years.

This weather station, located on the Knoy Coast of the Antarctic continent, about a third of the way around the continent from Little America, is one of the five research centers which will be set up by the American government for the International Geophysical Year 1957-58. This is a period during which a concentrated assault will be made by 22 different countries of the world on the scientific mysteries of the southern polar regions.

"Whitney" has had wide experience in cold weather meteorology. For the past year he has been in charge of the Mount Washington Observatory and had previously spent five winters on and off the "rock pile" as the mountain is known to its human habitants. Since television weather reports were originated there by WMTW-TV, he has appeared frequently, giving daily readings from atop the mountain. He and his wife also spent more than two years doing meteorological work in Alaska, at St. Lawrence Is., Annette Is., and at McGrath.

INMAN - MASON

The wedding of Miss Janet E. Mason, daughter of Mrs Berndine Mason of Greene, and Byron Harry Inman, son of Mr and Mrs Walter L. Inman of West Paris, was solemnized Saturday at an evening ceremony at the West Paris Unitarian Church. Rev Donald M. Hinckley, pastor of the church performed the double ring ceremony.

Mrs Eleanor Flanders of Norway was the honor attendant for her sister. Vernon Inman, brother of the groom, attended as best man.

The bride wore a beige suit with brown accessories with a corsage of red roses. Her attendant wore a gray suit with harmonizing accessories with a blue corsage.

Mrs Inman is a graduate of Gould Academy and has been employed as dental assistant by Dr John Trinward, Bethel. Mr Inman attended West Paris High School and served four years in the U. S. Navy in the British West Indies and Africa. He is employed by Benson's Oil and Coal Co. West Paris. After an undisclosed wedding trip the couple will reside at High Street, West Paris.

## SUNSET REBEKAH LODGE HOLDS VISITATION NIGHT

Sunset Rebekah Lodge met Monday night with a good attendance.

This was visitation night by the District Deputy President Dorothy Tucker and Marshal Ida Chapman of Mount Pleasant Lodge, South Paris.

They were accompanied by several members of their lodge.

Invitations were read to the reception of the President, Edna P. Hagar and Marshal, Gertrude Kirsch of the Rebekah Assembly at the Woodfords Congregational Church Parish House, Portland, Saturday, Nov. 17.

The Noddy Grand appointed Noddy Denchuk, Ruth Brown and Norma Jodrey on her auditing committee for the year. Past District Deputy President Annie Eaton installed Fern Jordan as Color bearer and Doris Ford as Warden. Mrs Vinafield was appointed for a short program for next meeting and each member was asked to bring a small gift if it.

The District Deputy President gave very pleasing remarks, including the motto of the President for the year, the watchword and plans for the lodges. The Noddy Grand spoke of volunteers for carrying people to clinics, also for baby sitters.

The Noddy Grand will hold their meeting

Thursday morning by the Pine Chamber of Commerce at the Pine Street fire hall.

## DR. BOYNTON GOING TO VIETNAM AS REGIONAL PUBLIC HEALTH DIRECTOR

Dr Willard H. Boynton of Bethel has accepted a position for two years with the International Cooperation Administration. He will go to Saigon, Vietnam, as Regional Public Health Director. The ICA sends medical doctors with Public Health degrees to work with the Vietnamese government in advising and improving health facilities, especially in villages. Because of his experience in general medicine, Dr Boynton will probably be an advisor in the Medical Department.

Since 1944 Dr Boynton has carried on an active general practice of medicine in Bethel. He is now in Washington, D. C., where he is taking an extension course to prepare him for his new work.

Mr Boynton and their five children, David, 14; Susan, 12; Willard, 9; Douglas, 8; and Sally, 4, will join him there soon and will fly to Saigon where they will make their home for the next two years.

## MRS. ALDEN R. MASON

Mrs Hulda Mason, wife of Alden R. Mason, died Tuesday at her home in Gilford after a long illness.

She was born in London, England, Sept. 27, 1881, the daughter of William and Matilda Spoth. She came to this country with her family when she was a young child and settled on the West Coast.

She married Alden Mason Nov. 2, 1903. For 45 years, the couple has operated the Mason produce farm. She was a member of the First Lutheran Church, Jaynesville, Wisc.

Surviving besides her husband are two sons, Floyd and Leeland, both of Gilford; a brother, Paul Spoth, Seaside, Ore.; and grandchildren.

The funeral services were held at 1:30 this Thursday afternoon at the Greenleaf funeral home. The Rev. Fehlau of Lewiston officiated. Burial is in Hillside Cemetery, Jefferson, N. H.

## GRACE L. MOUNTFORT

Miss Grace L. Mountfort died at Los Angeles, California, Oct. 7.

She was born at Bryant Pond, March 17, 1872, the daughter of Augustus I and Lois Cole Mountfort.

She was educated in Woodstock schools and at Burdette Business College, Boston. After working a few years for Bigelow-Dow, she was employed many years for the Eustis Mining Company, Boston.

Since her retirement 14 years ago, Miss Mountfort had made her home in California. She was associated with many social groups and belonged to the Opera Reading Club, known as the most aristocratic club of Southern California. She was affiliated with the Universalist Church.

She travelled extensively in the United States. With a sunny disposition, always cheerful and thoughtful of others, she made many friends wherever she went.

Funeral services were held at the Bryant Pond Universalist Church on Friday, Nov. 2, at 2 p. m., with Rev Robert Sallies officiating. Interment was at Lakeview Cemetery.

## SERVICE STATIONS TO POST GASOLINE TAX "REMINDERS"

Gasoline pumps throughout Maine will get a new look next week as service station operators affix permanent signs calling attention to the 10 cent tax paid on each gallon.

The tax signs are being posted because the pumps automatically compute the tax and gasoline price as a lump sum, concealing how much of the motorist's gasoline dollar actually goes into taxes, according to Charles S. Austin of Portland, chairman of the Maine Petroleum Industries Committee.

"Glimpses recognize the benefits the State derives from gasoline tax receipts in the way of better roads. At the same time, we feel the Maine motorist is entitled to know that taxes add 48 per cent to the cost of his gasoline," Austin stated.

He said the committee hopes to have the deal signs affixed to every gasoline pump in the state.

Mrs C. F. Saunders, Past President of the State Past Chiefs Association of Maine, attended the mid-year meeting and luncheon held at Norway Tuesday.

William Chapman and daughter, Peter, spent the week end in Freeport, Me., where they attended the annual meeting of the Abbeorn Breeders Association. Betsy was presented with an overnight case from the Association in recognition of the service she has done in advertising the breed in the state.

## Eisenhower Wins Tuesday Election

President Dwight D. Eisenhower was returned to office Tuesday, receiving a popular vote of 58 per cent and an electoral vote of 457 from 41 states. The seven states won by Democratic candidate Adlai Stevenson were Alabama, Arkansas, Georgia, Mississippi, Missouri, North Carolina and South Carolina.

In Maine every county went Republican, and every city except two, Lewiston and Biddeford. All Oxford County towns were for Eisenhower, the greatest lead being Sweden's score of 72 to 1. The State totals were reported officially at: Eisenhower 249,024, and Stevenson 101,979.

In many places a record vote was cast.

## CONG. WOMEN'S FELLOWSHIP ORGANIZED LAST THURSDAY

An organizational meeting of the Women's Fellowship of the West Parish Congregational Church was held last Thursday evening in Garland Chapel. The constitution, which had been drawn up by a committee for this purpose, was read by Mrs John Trinward. It was voted to adopt it.

The report of the nominating committee was accepted and the following officers were installed by Mrs Carl Delano of Bangor, president of the State Women's Fellowship; first vice-president, Mrs J. C. Bartlett; second vice-president, Mrs John Trinward; recording secretary, Mrs Robert Nichols; corresponding secretary, Mrs Charles Helms; treasurer, Mrs Ordell Anderson; key woman, Mrs George Taylor.

Mrs Delano spoke on the work, local and State levels; how the different groups are organized and of the purposes of each group.

Before the installation ceremony a musical selection was presented by Mrs Theodore Emery, Mrs Estelle Gagnon, Mrs Walter Marcus, Miss Nellie MacLoughlin, and Mrs Harriet Hutchins, accompanied by Mrs Elwood Ireland.

Elwood Brown will spend a couple of days in Bangor on business the last of the week.

Mr and Mrs Robert Sheldon of Middlebury, Vt., are receiving congratulations on the birth of a daughter Oct. 27. Mr and Mrs Elwood Ireland are maternal grandparents.

Mr and Mrs P. H. Chadbourne attended Parents Week End festival at Jackson College, Medford, Mass. Miss Carolyn Chadbourne is a member of the freshman class.

## ACROSS the DESK

Letters from other editors

From the Newark Courier-Globe, Newark, N. J.: No one likes to think of atomic attacks on America by a ruthless enemy about cities blasted into roaring infernos, or about millions of evacuated people streaming into the rural countryside.

Because it isn't the kind of thing we like to think about, many of us refuse to think about it. "It isn't possible." Or, if it is possible, "We can't hope to survive." This is the kind of reasoning that spells defeat, even before attack.

You wouldn't stand by while your barn was burning. If you could save even half of it, you'd work to save half. We can't stand by in our community today, because the threat of enemy attack is real and there is something we can do about it.

We can plan, prepare now to work together for our common survival. The organization for that planning is civil defense.

The enemy has nuclear weapons and the means to throw them against America. When he is ready to attack, he won't wait. Why should we? Let's get ready.

Our first job is to learn to take care of ourselves and our families in any emergency. Civil defense can help us with that.

Our second job is to be ready to

France — where the largest single party in the French Assembly is the Communist Party — has gotten over six billion.

We gave money to Portugal to build a transatlantic highway to connect its capital with a famous gambling resort. We've provided dress suits for Greek undertakers and public baths for Egyptian camel drivers. We've bought iceboxes — believe it or not — for the Eskimos. We gave a billion dollars to a government in Indo-China. And what happened? It threw itself into the hands of the Reds. We built a college in Ethiopia, and paid for airplane rides for Arabs to visit their religious shrines at Mecca.

How long is this to continue? Our generous handout chiefs in Washington assure us we must keep this up for at least another ten years. The immorality of these transactions is such that it is difficult to grasp them. Here is a figure which may help. Since the end of World War II we have given away in foreign aid billions of billions of dollars. That is only eight billion dollars less than it cost to run the entire United States government for 100 years from 1776 to 1916, including four major wars. And a dispatch from Washington says to us: "we must keep this up for at least another ten years. The immorality of these transactions is such that it is difficult to grasp them. Here is a figure which may help. Since the end of World War II we have given away in foreign aid billions of billions of dollars. That is only eight billion dollars less than it cost to run the entire United States government for 100 years from 1776 to 1916, including four major wars."

But then Uncle began putting his hands in our pockets to take from us in taxes and borrowing fantastic sums to spend all over the world. How fantastic its operation has become can be seen from the following:

From the beginning of our government in 1776 up to 1916 — a period of 140 years — the total cost of the federal government was \$1 billion dollars. This included the cost of all our wars up to that time, the War of 1812, Civil War, Spanish-American War and World War I. But in the single year 1944 our government spent the same sum — \$1 billion dollars!

This republic was set up to defend the people of the United States. The our government has been spending one billion to our so-called friends all over the globe. What do these countries do with our billions? We gave a lot of billions to the United Nations. You probably know for which we recently made its peace with the Korean. We have given some \$6 billion to Little Rock and over \$20 million to Korea, the overlords of folks who distract us.

There was the Marshall Plan to aid the war-tattered countries in Europe. The War ended 11 years ago. But the Marshall Plan, under many different names, goes on and on. As a result, we are taxed to the hilt and have a national debt burden of over \$250 billion. It's a give Little Norway \$100,000 worth she uses to reduce her national debt and we have to contribute to Denmark to pay her debts. Where does Little Norway ever borrow billions dollars?

This republic was set up to defend the people of the United States. The our government has been spending one billion to our so-called friends all over the globe. What do these countries do with our billions? We gave a lot of billions to the United Nations. You probably know for which we recently made its peace with the Korean. We have given some \$6 billion to Little Rock and over \$20 million to Korea, the overlords of folks who distract us.

Of course, all this squandering of our substance all over the world has provided a paradise for whatever bunch of politicians happen to have their hands in the treasury. Not for the rest of us. A continuance of this policy means national bankruptcy.

Q—Can you give me some figures on rate of profits for small business as compared to big business?

A—The rate of profit for small business (assets under \$1 million) has always been lower than that of big business (assets over \$1 million). In 1948 the first full year after war-time controls were lifted rate of profit before taxes on stockholders equity for small manufacturing corporations was 17.5% lower than the rate of larger corporations. In 1952 the rate was 28.4% lower and in 1955 the rate of small business profits was 45.1% lower. Figures were taken from the Federal Trade Commission.

Q—Can you give me the theory behind the so-called "hard-money" policy?

A—In theory the hard money policy is intended (1) to keep a balanced dollar; (2) that to keep supplies of goods in balance with purchasing power it will curb production and lessen purchasing power; (3) that higher interest charges will operate to keep prices down.

Q—Can you tell me how the Panama Canal operates?

A—The Panama Canal and the Canal Zone are both operated by the Panama Canal Company created under Public Law 841 July 1, 1901. The Canal Zone is in effect a government reservation, administered by the Canal Zone government. The law incorporated the operation of the canal and related commercial enterprises, into a single, business-type financial and administrative structure, the Panama Canal Co., and to constitute those units of the Canal concerned solely with governmental functions, including sanitation and health, as the Canal Zone Government. The law provides that the Company be self-sustaining and regulate operations with provision for toll rates. But both the Company and the Government are headed by the same man, with the rank of President of the Company and Governor of the Canal Zone Government. He is J. S. Baybold. The Canal zone is a strip extending across the isthmus five miles on either side of the canal, containing 68 sq. Mi. It was ceded to the United States by Panama by treaty in 1904, the compensation being \$10 million plus annual payments to Panama of \$100,000. The cities of Panama and Colon remain in Panamanian hands, except the USA has jurisdiction over sanitation and quarantine.

Q—Does the Veterans Administration conduct medical research?

A—Yes. The VA has engaged in medical research for several years, and this year is enlarging its research operations with a \$10 million appropriation which is \$4.5 million more than appropriated last year. This research will be concentrated in four areas: mental, nervous and brain diseases; heart and artery diseases; cancer; and leukemia, and problems of aging (geriatrics).

Q—Does the Department of Health, Education and Welfare concern itself with other than elementary and High school education?

A—Yes. As a matter of fact, a committee was named by the President last April, chairmaned by Devereux C. Josephs to make a study of the needs and problems of education beyond the high school. This Committee is scheduled to meet in October 1956 to hear reports from four subcommittees which were given specific assignments for study.

Q—Will there be new cabinet if President Eisenhower is re-elected?

A—It is the practice for all members of a cabinet to submit their resignations at the end of a presidential term. How many of the present cabinet members will be reappointed, of course no one knows but the President. There is considerable evidence, however that there will be cabinet changes if the President is re-elected.

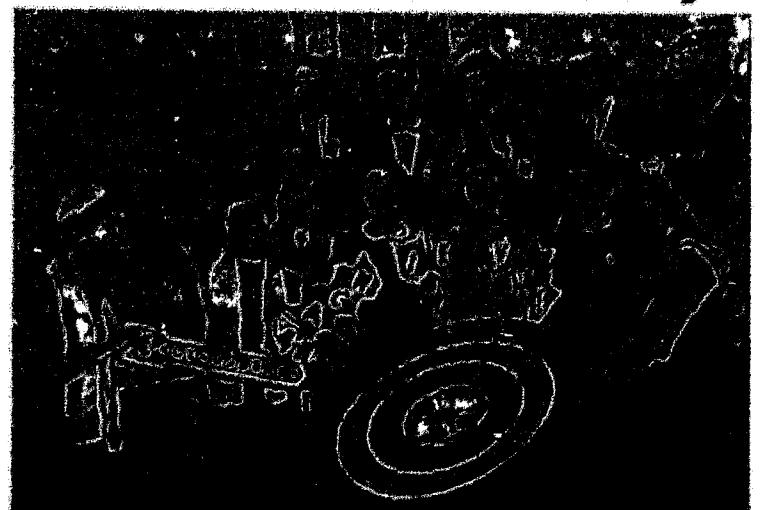

Q—I am a Korean veteran, just getting out of service. I have a \$6,000 insurance policy with a private firm. How much GI insurance can I get?

A—You can get the maximum of \$10,000 of Korean GI term insurance, since your private insurance does not affect your GI insurance.

Q—Who is the Secretary of the U. S. House of Representatives?

A—There is no Secretary. The chief administrative officer of the House is The Clerk of the House. He is Ralph R. Roberts, of Rockport, Indiana.

## 4-Hers Aim for 1956 National Club Congress

FOR the 20th consecutive year the nation's top 4-H youth are reaching their sights high to reach their goal and the National 4-H Club Congress in Chicago, Nov. 24-29, where they will be honored and rewarded for outstanding accomplishment.

More than 1,000 boys and girls representing over two million 4-H club members from 48 states, Alaska, Hawaii, and Puerto Rico will attend the Congress. In addition to an all-expense trip, these young agricultural and vocational trainees will receive other rewards amounting to several years of 4-H project work.

"While the annual value of projects resulting from 4-H members' projects amounts to an estimated \$113,000,000, this gain is primarily the result of the better training of 4-H Club supervisors," said Guy L. Nease, director of the National Committee on Boys and Girls Club Work.

"The greater and more lasting benefits are the personal satisfactions derived from real achievement such as making friends, practicing democratic procedures through organized 4-H Club work, and developing spiritual values from day-to-day living with 4-H ideals," he stated.

Immediate rewards for the Congress-bound 4-Hers will be 32 college scholarships worth \$47,000, 17 savings bonds valued at \$11,000, special cash awards totaling \$11,700. Many will be presented with engraved watches and other handsome gifts. All will be entertained at gala banquets, luncheons, and dinners.

In the overall National 4-H Award Program a total of nearly \$1,000,000 is expended annually to recognize boys and girls who have excelled in "improving family and community living."

These award programs are made possible through the combined efforts of the National 4-H Council on Boys and Girls Club Work, the Cooperative Extension Service, civic organizations, individuals, business firms and foundations.

Other organizations involved in the 4-H Club Congress include the State Fairs, Chicago & North Western, Chicago & Rock Island, Illinois Central Railroad.

Others are Chicago Board of Trade, Chicago Service Co., Goodwill Publishing Co., Standard Oil, Arco, Amoco, and

Ghosts, a play by the upper grades. Last on our program was a Drill. We sold popcorn, fudge, punch, fortunes, and numbers for a cake at the party.

Two have been absent this week, Ann and Robert Holt.

Ann Holt returned from the hospital Friday but is unable to come back to school yet.

We used the candles we made in our Jack o' Lanterns.

Our soap isn't completed yet. We hope to do more work on it this week. Reporter, Colista Curtis.

THERE WERE 155,000 FOREST FIRES in the U. S. last year. An average of more than 400 a day!

And the most tragic part of this shameful waste is that 9 out of 10 were caused by everyday, well-meaning people who were careless for just one moment with cigarettes, fires, matches, burning brush, etc.

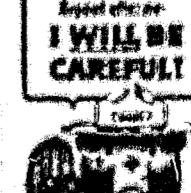

People like you caused this terrible destruction which blackened and ruined 10 million acres of America's

wooded lands and recreational areas. Valuable watersheds were damaged. Animals and birds died by the thousands. Yes, and humans lost their lives too.

This disgraceful record can be stopped. Forest fire prevention rests in your hands. Pledge yourself to be careful, exceedingly careful with matches, smokes and campfires. Make sure that every spark is out-dead-out! Help stop this frightful waste and keep America green.

Remember—Only you can

THE WORLD'S MOST WIDELY USED DEVOTIONAL GUIDE

Thursday, November 8  
Read 1 Kings 17:1-6.  
The ravens brought him (Elijah) bread and flesh in the morning, and bread and flesh in the evening; and he drank of the brook. (1 Kings 17:6)

Many years ago a small Kansas settlement was all but wiped out by grasshoppers and drought. Lack of food created a serious situation. Hunger threatened the very existence of the settlement. Many were ill. This happened at a time when buffalo no longer roamed the prairie. One day, however, a boy ran down the street shouting, "A buffalo! A buffalo!" No one believed him. But the men, having nothing better to do, followed him. They found he was telling the truth. A lone buffalo was standing on the prairie before

their very eyes. Soon the animal was killed, skinned, cut up, and cooked.

As it is written that the ravens brought bread and flesh to Elijah, could it not also be said that a buffalo brought flesh to a hungry settlement?

**Prayer**  
Our Father, help us to have faith even in seemingly overwhelming circumstances. Help us to remember that what we call miracles are Thy laws operating in a way we do not understand. May we never doubt Thy ability and willingness to supply all our needs. For the Saviour's sake. Amen.

*Jays and Sparrows*  
In our back yard there is a great tree and with whitethroat bushes that shade half the place. The place is mostly alder and willow with blue jays and other birds. Two gray squirrels live somewhere in the tree and appear at intervals. One morning last August there was a constant cry of jay birds. But sounded something like blog, blog, blog!

The appearance of a squirrel had woken the jays and caused their loud chorus. And why? I decided it must have been due to the direction of the squirrel's movement—toward some food that had been placed under the tree. I have never known of a blue jay and a squirrel having a fight, but I can testify that the reddest green is over the striped feathers.

Now hawks begin to be more and more numerous. They might not be afraid to attack with wings and talons if some other bird that they wanted for themselves. Many indeed in the past that should never a man's power of mind and heart have the power of his own which thoughts. Let me be pleased with what we have

## LAFF OF THE WEEK

## GOULD ACADEMY

GOULD TAKES FRYEBURG J-S

Gould Academy struck early last Saturday, ran up 10 points in the first half and coasted to a 10-6 victory. Early in the first period Jim Hill went off on his own right end for a 45 yard TD run. Stevens kicked the point after.

The Fryeburg victory was the fifth in six games this season, which can be put down in the books as a most successful one. No such record was expected when the squad reported for the first practice sessions in September. It has been the result of consistent hard work, faithful practice, and teamwork between squad members and their coaches.

In the second quarter Fryeburg failed to gain and Gould took over on their own 25 yard line. With Hill, Murphy and Smith going for steady gains the winners marched 45 yards with Hill again scoring this time for five yards out. The place kick failed.

The final Husky score was a sensational one. A pass, Anderson to Murphy, for 30 yards put the ball on the 10. On the next play on a delayed pass Summer passed to John Giddings, who leaped high in the air to one hand it as he fell into the end zone. It was a beautiful catch.

The teams battled near midfield most of the last half but with minutes to go Fryeburg's Klemann dropped back to kick, juggled the ball and then went off his left side for 26 yards to the 10 yard line.

Two plays later Fryeburg's workhorse, Art Pike, scored from nine yards out. The place kick was blocked.

Jim Hill was the outstanding ball carrier as he romped for two TDs and ripped off many long gains. The Gould line from tackle to tackle played well defensively while the first team was in there. Coach Head Linesman, Melvin. Time: 1:30. Scott threw 24 men into the game.

## The 10 Commandments of Safety

- 1 Treat every gun with the respect due a loaded gun. This is the first rule of gun safety.
- 2 Guns carried into camp or home, or when otherwise not in use, must always be unloaded, and taken down or have actions open; guns always should be carried in cases to the shooting area.
- 3 Always be sure barrel and action are clear of obstructions, and that you have only ammunition of the proper size for the gun you are carrying. Remove oil and grease from chamber before firing.
- 4 Always carry your gun so that you can control the direction of the muzzle, even if you stumble; keep the safety on until you are ready to shoot.
- 5 Be sure of your target before you pull the trigger; know the identifying features of the game you intend to hunt.
- 6 Never point a gun at anything you do not want to shoot; avoid all horseplay while handling a gun.
- 7 Unattended guns should be unloaded; guns and ammunition should be stored separately beyond reach of children and careless adults.
- 8 Never climb tree or fence or jump a ditch with a loaded gun; never pull a gun toward you by the muzzle.
- 9 Never shoot a bullet at a flat, hard surface or the surface of water; when at target practice, be sure your backstop is adequate.
- 10 Avoid alcoholic drinks before or during shooting.

**If Fire Strikes  
Your Home...**

GET OUT of the house the minute you discover smoke and call

ALWAYS be ready to use different escape routes from any room in your house.

TEST doors before opening. If doors are hot, block them with furniture or wet mattresses to keep out smoke and gases. Get out another way!

NEVER jump from upper-story windows except as a last resort! Wait for firemen.

HOLD your breath if you have to make a dash through smoke and flames!

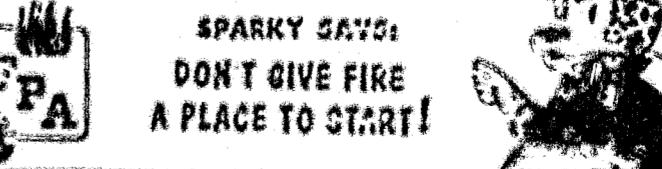

REMEMBER, the air is usually better near the floor in a smoke-filled room.

CALL the Fire Department at once! Tell them how to fight fire. Don't waste your time or your life trying to fight a fire unless it's as small you're sure you can control it with the right extinguisher.

DON'T ever park car in a burning building for any reason!

Smoke and the gases from such a smoldering car can be fatal.

GIVE medical treatment at once. If you've burned or exposed to fire and smoke breathing a little air or smoke inhalation can have fatal results.

Jack Wykren

**YOUTH LEADER TO SPEAK HERE NOV. 28**

On Tuesday night, Nov. 28, Jack Wykren, a famous Christian youth leader and evangelist, will speak at the Bethel Theatre.

Jack is director of the Word of Life Fellowship which broadcasts coast to coast on the Mutual Network every Saturday at 7:30 p. m., originating at Station WOR, 710 AM, in New York City.

Jack is no stranger to this area as he has been at Norway several times in past years, has spoken in Falmouth at the City Hall and last spring conducted a six-weeks campaign at Wilton during which many committed their lives to Christ.

These meetings were held in the Wilton High school auditorium and were very well attended, the peak number at one meeting being over 300.

Jack has a fine message for all and although his special message is for young people, everyone will be in for a treat to come and hear him.

The meeting will start at 7:30 p. m. so come early and get a seat.
